TECHNICAL PUBLICATIONS AND PRESENTATIONS, 1968

PREFACE

This publication list is authored or co-authored by scientists of the Aerospace Research Laboratories and ARL contractors. The technical publications and presentations listed were published in calendar year 1968.

This publication is divided into ten sections: Chemistry Research, Energetics Research, Fluid Dynamics Facilities, Plasma Physics Research, Applied Mathematics Research, Thermo-Mechanics Research, General Physics Research, Hypersonic Research, Solid State Physics Research and Metallurgy and Ceramics Research. Inquiries concerning any item listed herein should be addressed to the author.

Research, compilation and coordination of data was accomplished by the Technical Documents and STINFO Division, Directorate of Research Information.
